

Contactless Thermometer

THERM01

- Digital infra-red, non-contact forehead thermometer
- Digital back-lit screen changes from green to amber to red as temperature values increase to fever range
- Fast measurement
- 32 memories
- Fever temperature prompt
- Certificates:
 - CE
 - FCC
 - FDA
 - ISO 13485
 - RoHS

Specification

Measurement range	32.0°C to 42.9°C (89.6°F to 109.2°F)
Working condition	16.0°C to 35.0°C, relative humidity ≤85%
Storage condition	-25.0°C to 55.0°C, relative humidity ≤90%
Resolution	0.1°C
Measurement accuracy	35.0°C to 42°C ≤±0.2°C
Memory	Stores 32 values
Power supply	DC 3v (2xAAA batteries)
Weight	About 130g
Size (WxLxH)	40mmx70mmx150mm
